English - Native

SUMMARY

Staff engineer working on compilers and developer tooling. I like removing steps from other people's days.

EXPERIENCE

Staff Software Engineer — Harvard Computation Co
New York · 2019 – Present

- Lead the build tooling group.
- Cut CI time in half by caching compiler outputs.

Senior Software Engineer — Eckert-Mauchly
Philadelphia · 2014 – 2019

- Wrote the first optimising passes of the in-house compiler.

Software Engineer — Remington Systems
Philadelphia · 2010 – 2014

- Maintained the COBOL runtime.

EDUCATION

PhD in Mathematics, Yale University
2004 – 2010

PROJECTS

Moth

A tiny bug tracker that lives in the repository.
